

## Will VanderToolen

Will VanderToolen is the Condition Monitoring Supervisor for Wheeler Machinery. He provides Equipment Management and VisionLink training for customers, and works with Condition Monitoring staff to ensure quality EM Solutions services are provided to each customer. In prior roles he worked as an Equipment Management Specialist and as a Condition Monitoring Analyst. Will has a degree in Finance from the David Eccles School of Business at the University of Utah. He has 14 years of experience in coaching and classroom training. He has provided training workshops for Educational, Government, Religious, and private organizations throughout the State of Utah. He has developed curriculum and designed coursework for statewide projects.
